Secret Words and Sayings of Jesus Christ

The secret words of Jesus Christ is a collection of prophetic sayings that were orally stated by Jesus Christ to his apostles and were written down and journalized by one of Jesus twelve disciples, Didymus Judas Thomas.

This journal later became known as [The Gospel of Thomas](#).

The Gospel According to Thomas is an early Christian non-canonical sayings-gospel that many scholars believe provides insight into the oral gospel traditions of Jesus Christ. It was discovered near Nag Hammadi, Egypt, in December 1945 among a group of books known as the Nag Hammadi library.

Biblical scholars speculate that these works were intentionally hidden, were buried in a secret location around 323 A.D. in response to a letter from Bishop Athanasius who was member of the [First Council of Nicaea](#), and had declared a strict canon of Christian scripture. This council was primarily controlled by Roman Emperor Constantine who wanted to dictate His own version of Christian doctrine.

The Secret Words of Jesus Christ are not easy to understand and requires a great deal of spiritual wisdom and purity of heart to comprehend their meanings. However, those who are able to correctly comprehend these sayings will become blessed beyond measure.

God does give to each human being the ability to understand these sayings. Sadly however, most people never acquire enough spiritual wisdom and purity of mind and heart to accomplish this, and that is because they focus most of their time on earthly activities and pleasures and focus very little on acquiring spiritual wisdom.
