## God's Love and Gifts

---

### How Much Does God Love Us?

God stated in Genesis 1:26 and 1:27 that He created us in His own image and likeness.

He gives each one of us life, a body, a unique identity and character, a mind, intellect, discernment, emotions, and an immortal soul, a heavenly spirit which dwells within us, and a beautiful planet, (Earth) to live on.

He gave us the sun to keep our bodies warm.

He gave us fresh air and nourishment so we could sustain our life.

He gave us falling waters so we could bath, clean and purify our body.

He gave us moral guidelines and laws to live by so we could dwell together in peace and harmony.

He gave us His fertile seed, so we could create children in our own image.

He gave us animals to be our friends and companions, trees and plants to make medicines to heal our sicknesses.

He gave us love to warm our soul and feel joyous emotions.

He gave us light, colors, and flowers so we could see beauty.

He gave us the ability to create music and poetry so we could express and feel the depths of our sensitivities.

He gave us precious jewels, gold, silver and paints so we could create beautiful works of art.

## God's Love and Gifts

---

He gave us a memory so we could cherish our precious moments.

God gave us prayer so we could communicate with Him.

He gave us all these wonderful gifts because He loves us dearly.

But even so, He gave us yet another special gift above all the rest, His son Jesus Christ. And through Him, we can achieve salvation and forgiveness of sin, resurrection and rebirth from death, be given a new perfect non-aging body, eternal life and everlasting existence in God's Heavenly Kingdom of Paradise.

If you ever wondered or questioned if God loves you, now you know.

Sincerely,  
*Pastor Andy Andersson*
