Spiritual Protection

How Valuable is Spiritual Protection?

Every day throughout the world there are Human acts of selfishness, greed, resentment, anger, prejudice, hatred, and violence. These are malevolent acts that cause pain, anguish, grief, sorrow and bring unhappiness and sufferings into people's lives.

Included among these senseless acts of evil are mass shootings and murderous killings which capture media attention and are broadcast on news agencies around the world. And sadly, there are thousands of other evil acts that occur every day that are not broadcast on news channels.

In every country on Earth, jails and prisons are filled with people that commit these types of acts. And sadly, crime statistics consistently rise throughout the world with no end in sight, and no solutions to stop it.

For decades, mental health experts, such as: Psychologists, Psychiatrists, Criminologists, Penologists, Sociologists, and others have been trying to prevent crime rates from rising, and to stop atrocities from being committed. Sadly however, despite all these efforts, Human Beings continue to do these acts.

Most every person on Earth will at some point during their life, become involved in a hateful or criminal act. They may be the assailant that commits the act, or be the recipient or victim of the act.

So what causes Human Beings to commit these kinds of acts?

When Human Beings are born and come into this world as an infant child, normally for the first 6 to 7 years of their life, they are innocent and rarely commit any type of malevolent or evil acts.

Then, as they grow older, their propensity to commit a malevolent act greatly increases. Why does this happen? -- And what causes it?

For hundreds of years, no one has been able to answer this question or prevent it from happening. Normally, children do not commit malevolent acts until they reach their teen years, usually starting around 12 years of age and up.

Therefore, something unquestionably occurs that causes a Human Being to willfully and freely commit a malevolent act. Given that fact, lets try to understand and consider what may be the cause that makes this happen.

To reason out an explanation, its important to believe that we are created and given life by a highly intelligent Supreme Being, generally referred to as the Creator or **God**. To believe otherwise would mean that intelligence does not exist, and of course we know that is not the case.

Without intelligence, nothing could happen; there would be no creation of anything, no activity of any kind, just a void of nothingness. Everything in existence has to be created; therefore, someone or something with intelligence had to be the source of that creation.

For the sake of rational reasoning, lets assume that **God** is the Creator. That “He” is a living intelligent Supreme Being and dwells in a form and realm that we cannot comprehend, (keeping in mind that there are a lot of things that Human Beings do not understand).

At this time, I want to make one very important distinction.

When using the word: “He”, this does not mean that **God** has a sexual identity being male or female, but rather, the word “He”, is just being used to identify the existence of an Intelligent Being.

My personal belief is that **God** is intelligent living energy, evolving over infinity, and is able to appear in many different forms, and in ways that we can neither comprehend nor understand.

Just on Earth alone, there are thousands of different life forms, so the Human Being or human body is just one of many life forms that we are aware of, and who knows what other types of life forms may exist on the millions of planetary bodies throughout the Universe.

Regarding **God**, the only known source of information about Him is written in theological books, with the three most commonly being used: The Pentateuch, the Bible, and the Koran.

It is from those writings that we have gained knowledge about **God**, however, there are many different interpretations of **God's** words, and its up to each individual to form their own understanding and belief about **God**, and how they elect to perceive Him.

God, however, offers to all Human Beings, spiritual wisdom and protection for those who seek it, and also gives each person a moral telepathic conscious, so they have the choice and ability to avoid committing malevolent acts.

He also offers protection against the source that causes Humans to commit evil acts.

Malevolent acts are caused by immoral, tempestuous thoughts that corrupt a person's desires and emotions, which causes them to engage in selfish, sinful, wicked, and immoral activities.

These thoughts are placed in the minds of Humans telepathically by a malevolent ethereal force referred to as Lucifer or Satan, and this is what causes many Humans to commit murders, thievery, and numerous other malevolent and criminal acts.

Many people are just too spiritually weak to resist the manipulation of their emotions and fall prey to committing immoral acts.

God, however, because of His compassion, and because of a person's belief and faith in Him, will surround them with an invisible spiritual shield that protects them against the attack and influence of malevolent thoughts.

This enables a person to maintain a benevolent character, and not fall prey to committing immoral and heinous acts. Even so, many people will freely choose not to accept the protection **God** offers them, and will corrupt themselves with vanity, iniquities, or some type of immoral behavior.

These people favor the pleasures of the Earthly world over Godly moral values and are willing to engage in premeditated sinful acts to satisfy their licentious desires. They will become emotionally corrupted and wounded, and few will be able to recover and overcome their iniquities.

They will eventually descend into an immoral abyss of darkness, loneliness, and pain, and will exist in a realm of discomfort and sorrow for eternity.

Don't let this happen to you, accept the righteousness and love of **God**, and use the spiritual wisdom and protection He offers, so as not to succumb to wicked temptations, and in the engagement of malevolent acts.

By doing this, you will ascend into a Godly, illuminated realm of peace, joy, excitement and happiness, and will dwell there with God for eternity.

Sincerely,
