Satan and Islamic Extremists

Why do Islamic Extremists commit such horrific acts?

[View Video at Bottom of Page](#)

Satan and his demonic fallen angels have been able to possess the minds, bodies and souls of Islamic and other Militant Extremists, and are manipulating them to instigate horrific crimes against humanity.

These acts include terror attacks and senseless killing, savage beheadings of their captives, lustful malicious rape and murder of women, perverted molestation, torture, and killing of children, and the use of God's name in a demented, debauched and profane manner.

These extremists are attempting to use Quranic Sharia law to justify their atrocities, when in fact; they are, twisting, distorting and maligning the words of the Prophet Muhammad and the Quran to falsely support acts of pure evil, and bring dishonor to their God, Allah.

One must come to understand that while Islamic Extremists, (typically members of ISIS or Al-Qaeda), are human beings like you or I. They are, however, completely brain washed, totally desensitized, demonically possessed and utterly malevolent people that have lost all sense of dignity, morality and compassion. They are like vampires of the night.

Sadly, by their own free choice, they have allowed themselves to become radicalized automatons, victims of Satan's demonic supernatural powers and are hopelessly corrupted beyond redemption.

They have morphed into living debauched human flesh, zombies that dwell in darkness and evil, and have become part of the Abomination of Desolation as referenced in the Old Testament Bible, Book of Daniel.

Satan and Islamic Extremists

Jesus Christ warned the world nearly 2000 years ago that this would occur in a coming generation and, it has begun and is upon us now.

All spiritually conscious and Christian believing people should become vigilant. When possible, stay out of the reach of these extremists and keeps yourselves in a place of safety.

Do not allow yourself to be caught defenseless against their aggressions. Take up deadly arms against them, for they have no mercy. Their ideology is to enslave you into submission, or to murder you or torture you to death, and to abduct and destroy your family.

Attacks by these ruthless individuals are taking place throughout the entire world, almost in every nation on Earth. They target the innocent, women and children, and Christian believing people or anyone that does believe in or accept their evil ideology.

Do not assume that you cannot become a victim of their hateful, barbaric acts, therefore, stay cautious and vigilant at all times; always be aware of who is around you, and of anything that looks suspicious.

Engage in abundant prayer, and use spiritual wisdom to fight against evil and those who embrace it. Call upon God's angels to protect the innocent and defenseless and above all, keep your faith strong in Jesus Christ.
