Jesus Christ Resurrection and Ascension

Two Of The Most Amazing Events To Occur On Planet Earth Were The Resurrection And Ascension Of Jesus Christ.

Jesus Christ, the Spiritual born Son of God was crucified and put to death on a wooden cross by Roman soldiers. Three days later, He arose from being deceased in his tomb, regained life, and became the first human being to be resurrected and reborn from the dead.

Then, 40 days later, in front of His Mother, His friend Mary Magdalene, and His twelve Apostles, He ascended in human form up into the celestial heavens, into the Kingdom of God, and sat down next to God on the right side of His Throne.

And, He shall come again a second time to Earth, and judge all souls, both those that are alive in the flesh on Earth, and those who died on Earth, but are alive in spirit in the celestial realm. Each one shall be judged for their level of atonement, acts of righteousness, depth of faith, and on the giving and receiving of love, that they may be worthy to enter the Kingdom of God, and dwell there forever with no end, in peace, harmony, and great joy.
