Understanding Evil in the Social Media

Most all theological books and documents, scores of various religions, including many diverse spiritual beliefs all teach one thing in common: That an evil entity or force of some type exists in one form or another.

This entity or force, which is referred to by different name titles is the Master of Deception, and perpetrates lies, false information and confusion. From a Biblical perspective, this entity would be identified as Lucifer, commonly referred to as [Satan](#), a fallen Spiritual Angelic Being.

Lucifer is believed to have been one of God's closest spiritual companions through eons of time. He was an Archangel and was the wisest and most revered of all the Angelic Beings created by God.

Satan and the Social Media

There were certain [Events](#) that occurred in the Kingdom of God that caused Lucifer to become vain, resentful, and adversarial. As a result, he was exiled from God's kingdom and became a fallen Archangel, and was forced to dwell in an [Ethereal Realm](#) outside of God's kingdom.

Then, from the intensity of Lucifer's vanity and resentment, hatred and evil evolved, and was manifested into Human thought and activities.

Evil is a controlled ethereal force directed against God, and against pureness, holiness, righteousness, love and compassion, and against anything that has goodness or brings joy.

This force is primarily targeted at Human Beings, which is God's most beloved and treasured creation. God stated that He created and formed Human Beings in His own image and likeness, meaning each Human Being is given an Eternal Spiritual Soul created in God's likeness.

Each Soul is an Individual Spiritual Being, and each Soul dwells within an Earthly Human Body and possesses its own autonomous identity. It has complete freedom of thought, discernment, will and actions, and from its thoughts and actions, it forms its own human and spiritual character.

Some Souls will develop their characters to become benevolent, kind and righteous, and have respect for God's moral values, while others will become malevolent and sinful, disrespecting God's moral values, and engaging in immoral, cruel, hurtful and self-destructive acts.

Biblical and theological data reveal that Satan and His [Evil Minions](#) try to take revenge against God by defiling and corrupting as many Human Souls as possible, and to bring misery and suffering upon the Earth.

Satan and the Social Media

This is accomplished by influencing and confusing a Human Being's mind and thought patterns in a clandestine, telepathic, distorted and disruptive way. In doing this, it causes Human Emotions to be effected in an etheric negative manner, which in turn generates feelings of vanity, jealousy, resentment, bitterness, selfishness, frustration, depression, rebellion, greed, lust, covetousness, anger and hatefulness.

All these types of emotions cause Human Beings to commit despicable, immoral, criminal, and diverse sinful acts. Eventually, these activities will lead to the defilement and corruption of many Human Souls.

In today's times, the Internet and Social Media Platforms have greatly advanced in technology, and most people have access to this technology in one form or another. Even many homeless and poor people will have free cell phones, and can access the Internet, and freely download various Social Media Applications, (Apps).

This provides Satan and his Etheric Minions with a wide global audience to influence the thoughts and actions of Human Beings throughout the world, and no one is immune, everyone is susceptible.

They do this through deceit, by broadcasting and publishing lies, distortions, exaggerations, and all types of false information, and focus on the weaknesses of Human desires, temptations, and emotions.

Satan and his [Minions](#) will use race, ethnicity, sexuality, wealth, politics and religious beliefs to turn people against one another. This is done through the use of News Outlets, [Internet Social Media Platforms](#) such as [TikTok](#), Facebook, YouTube, Google, and numerous others.

They even use music, movies, astrology, phrases, accusations, and physical body ornamentation, such as clothing, jewelry and body tattoos as a means to turn people against one another. One of the most effective phrases or false accusations used to promote ill-will is: *“You are a racist.”*

Many people are called racist simply because of their skin color, their heritage, their ethnic background or because they have differing political or spiritual views.

All these types of deceptions are broadcast or published through various Social Media Platforms resulting in the negative influence and manipulation of a person’s thoughts, emotions and activities.

Take Caution!! Don’t allow yourself to be influenced or controlled by these deceptions. Stay focused on God and His moral guidelines, and on righteousness, compassion, affection, humility, and dignity.

Remember Always: Stay vigilant and composed, as the forces of deception, prejudice, hate and anger will always exist around you, and will try to lure you into a trap of malevolent sinful behavior.

Take time to pray and communicate with God. Strive to enhance your spiritual wisdom, and use all your will-power to try and overcome any types of immoral temptations or activities.

By doing this, you will put yourself in a position to receive God’s greatest reward that a Human Being can acquire: Salvation, Forgiveness, Rebirth from Death, a New Perfect Ageless Body, and Eternal Life in an environment of paradise and limitless opportunities.
